

MSB Caution Notification:

Due to reports of potential rioting and looting across the country, we recommend you use extreme caution.

We received multiple reports of stolen check stock from riots and looting back in June (including but not limited to blank money order check stock) please continue to use extreme caution when cashing other MSB location Money Orders, Money Gram and Western Union Checks.

If your MSB location has experienced any high-risk events or you feel your data has been compromised in anyway, please notify the bank immediately.

Examples of High-Risk events may include but are not limited to the following:

- Possible risk of compromised user id's/passwords
- Stolen check stock
- Stolen computer that may contain sensitive bank information
- Stolen RDC work (previously processed deposits)

At a minimum we recommend you do the following:

- Lock up any/all blank check stock
- Lock up all RDC deposited items (as a reminder you are responsible for the safekeeping/destruction of items deposited through RDC (Remote Deposit Capture)
